

THE REAL ESTATE COUNCIL OF ALBERTA

Case number: 014573
Process: Licence Refusal
Date: June 2023
Document: Summary

The individual applying for a licence provided false and misleading information in support of their licensing application. The applicant stated they were licensed in other provinces and provided licensing and disciplinary history letters from those provinces. The Registrar found the licensing and disciplinary letters that were provided were not actually from the other provinces and contained inaccurate information. The applicant failed to provide a sufficient explanation for the false letters and failed to provide further information to support the licensing application.

The Registrar refused the licence application to protect the public interest and the integrity of the real estate profession.
